Prez sends good wishes to Indian contingent in Rio Olympic Games

New Delhi : President Pranab Mukherjee has sent his good wishes to the Indian contingent in the Rio Olympic Games 2016 on the eve of the beginning of the Games. In a message to Chef-de-Mission of the Indian Contingent, Rakesh Gupta, Mr Mukherjee expressed hope that the Games will be an opportunity for the Indian sportspersons to display their talents and test their limits in various sporting disciplines. He said, the Games will be an opportunity for competing with participants from all over the world in the best traditions of sportsmanship. The President urged the sportspersons to do their best for the glory of the nation and to promote unity and friendship with sportspersons of all participating nations.

Lok Sabha conveys best wishes on behalf of all countrymen to Indian players participating in Rio Olympic games

New Delhi : The Lok Sabha has conveyed its best wishes on behalf of all the countrymen to the Indian players who are participating in the Rio Olympic games.

Making a mention, Speaker Sumitra Mahajan said, the House wishes the players best performance in the events they are to compete. She said, the Olympics is a link between all people and fosters universal goodwill.

Saansad Adarsh Gram Yojna Meeting Held

Dr.Tariq Thomas, IAS, Secretary, Rural Development addressing the meeting held at Secretariat Conference Hall Kavaratti on 29th July, 2016.

Kavaratti: A review meeting of the Saansad Adarsh Gram Yojna was held in the Secretariat Conference Hall on 29th July, 2016 under the Chairmanship of Shri. Tariq

Thomas, IAS, Secretary, Rural Development. Shri. P.P. Mohammed Faizal, Member of Parliament also participated in the meeting. Shri. Ashwani Kumar

Mehta, Director, Rural Development welcomed the participants. All the Heads of Departments who has a role in implementation of the Programme also was present on the occasion.

The meeting examined all the points of the Village Development Plan and made proposals to complete all the tasks within the targeted time period. Shri. P.P. Mohammed Faizal, Member of Parliament requested the participants to extend whole hearted support to the programme

Mukhtar Abbas Naqvi flags off 1st batch of Haj pilgrims

New Delhi : Minority Affairs Minister Mukhtar Abbas Naqvi flagged off 1st batch of 340 Haj pilgrims from Indira Gandhi International Airport's Haj Terminal in New Delhi on 3rd July, 2016.

Extending good wishes on behalf of the Prime Minister and himself, Mr Naqvi urged Hajis to pray for peace, prosperity, harmony and brotherhood in India and the entire world. Mr Naqvi said, Haj pilgrimage is a cherished desire of every Muslim in his life time.

Delhi Deputy Chief Minister Manish Sisodia, Haj Committee of India Chairman Chaudhary Mehboob Ali Qaiser, Minority Affairs Ministry Secretary Rakesh Garg, Haj Committee of India Member and Delhi Coordinator H B Kazmi and others were present on the occasion.

The Minister of State for Minority Affairs (Independent Charge) and Parliamentary Affairs, Shri. Mukhtar Abbas Naqvi addressing at the flag-off ceremony of the first flight of Haj Pilgrims, in New Delhi on August 03, 2016.

For Haj 2016, a total of 12,500 Haj pilgrims will be proceeding from Delhi to Jeddah, Saudi Arabia, by Air India's 37 charter flights. Around 8690 Haj pilgrims will be from Uttar Pradesh and rest will be from Delhi, Punjab, Himachal Pradesh, Uttarakhand and Haryana.

A total 1 lakh 20 Haj pilgrims will be facilitated from 21 points across India through Haj Committee. Apart from this, 36,000 Haj pilgrims will proceed through the private tour operators.

Terrorism should not be glorified, patronized by any country: Rajnath

New Delhi : Union Home Minister Rajnath Singh has said terrorism should not be glorified and patronized by any country. Speaking at the SAARC Home ministers meet in Islamabad today, Mr Singh said, countries should show zero tolerance against any type of terrorism.

He said, one country's terrorist cannot be a martyr or freedom fighter for another country. He said, mere condemnation of terrorist attacks in Pathankot, Dhaka and Kabul is not enough and all countries must harden their

resolve to eradicate the menace. He said, the will and the mandate of international community against proscribed and wanted terrorists and their outfits must also be respected and implemented. He said, immediate and effective action is required against all those who support or encourage international terrorism in any way, whether they are state actors or non-state. The Home Minister also drew attention of SAARC member states to the adverse effects of drug

trafficking and its abuse. Mr. Singh pointed out that the problem of drug trafficking is also connected with all types of organised crimes. Earlier, Mr Singh, along with his counterparts from the member countries called on Pakistan Prime Minister Nawaz Sharif. He was the part of the joint delegation of the Interior and Home Ministers of SAARC nations when they called on the Pakistani Prime Minister at his office. The meeting lasted for about 20 minutes during which only pleasantries were exchanged. Mr Singh has left for India.

Bid Farewell to D.Karthikeyan, DANICS

Dr.Tariq Thomas, IAS, Secretary, Health presenting a model of 'Jahadhoni' to Shri. D. Karthikeyan as a token of love in a function held at Secretariat Conference Hall.

Kavaratti: The Lakshadweep Administration has arranged a bid farewell to Shri. D.Karthikeyan, DANICS, Director Services and Director General Administration and Protocol who transferred to NCT Delhi on 29th July, 2016 at Secretariat Conference Hall.

Shri.D.Karthikeyan, DANICS Officer has joined under the Lakshadweep Administration as Director of Social Welfare and Tribal Affairs on 24th February, 2012, thereafter he worked in SPORTS as General Manager and later as Managing Director. He served the administration in various capacities like Director of Administrative Training Institute, Tourism,

Vigilance, Information and public Relations and Joint Secretary in Legal. While relieving from the UT administration he was holding the charges of Director Services, General Administration and Protocol and Chief Protocol Officer.

Dr. Tariq Thomas, Secretary, Health, Shri. A. Hamza, Director, Education, Dr. K. Shamsuddeen, Director Health, Shri. Aswani Kumar Mehta, Director Rural Development, Shri. Subangar Gosh, Director, Science and Technology and Shri. Basheer Ahmed, Technical Director, NIC spoke on the service rendered by Shri.D.Karthikeyan to the administration.

Combined Meeting Held to celebrate Independence Day

Shri. K. Buzar Jamhar, Deputy Collector chairing the meeting held at Agatti.

Agatti: Combined meeting was held under the Chairmanship of Shri. K. Buzar Jamhar, Deputy Collector on 1st August 2016 at Golden Jubilee Museum to celebrate Independence Day-2016. Members of District and Village Panchayat, Head of Institutions, Leaders of Political Parties and representatives of Voluntary organizations were present on the occasion. Deputy Collector briefed the aims and objectives of the meeting. The meeting was unanimously decided to celebrate

Independence Day of our nation in a befitting and colorful manner. The Committees like General, Sports, Literacy Entertainment and Culture, Refreshment, Stage and Decoration also constituted and Convener General Committee and Jury of appeal for sports and Games and Cultural also elected. Shri. P. Abdul Kalam PST SBS, Shri. Sayed Shaik Koya Environment Warden Shri. P.A. Koya Assistant Engineer PWD and Shri. T.P.Attakoya Supervisor AD Unit were elected as conveners of respective committees.

School Sahithya Samajam Inaugurated

(Left) A view of the students participated in the function. (Right) Shri. P. Safiyulla Khan, Chairman School Management Committee addressing the gathering.

Agatti: School Sahithya Samajam for the academic year 2016-2017 was organized under the auspices of Headmaster, Teachers and Students of Junior Basic School Centre. Dr. M.P. Mohammed Koya, CMO PHC inaugurated the programme at Junior Basic School Centre on 31st July 2016. The function was payed homage to the well known writer late Shri. Vykkam Mohammed Basheer, in honor to observe his death anniversary.

In his inaugural address Dr. M.P. Mohammed Koya pointed out the importance of the School Sahithya Samajam to develop the inborn talents of the students. In his presidential address Shri. C.Mohammed Iqbal

Principal, G S S S emphasized the need of such programmes in Schools. Shri. Sayed Shaik Koya, Environment Warden, Department of Environment and Forests in his key-note address elaborated the objectives of the programme and its outcomes. He also reminded the contributions of famous writer late Shri. Vykkam Mohammed Basheer.

In their felicitation address Shri. P. Safiyulla Khan, Chairman School Management Committee, Shri. K.Kasmi Information Assistant and Shri. K.K Cheriya Koya Senior PST JBS(C) eminded the students to concentrate in their study to achieve a

qualitative education and advised the teachers to improve the quality of education of our children and to make a good relationship with students.

The function was commenced with brief introductory and welcome speech by Shri. M.I.Hamza Koya Headmaster JBS(C). Master. Mohammed Hisham, Secretary Sahithya Samajam proposed vote of thanks. Varieties of colorful entertainment programme was performed by students.

A book exhibition also conducted as part of the function and many books written by famous Indian and abroad writers especially Shri. Vykkam Mohammed Basheer also was exhibited.

Meeting Held

Kadmat : A combined meeting of the Heads of Institutions, elected members of Village (Dweep) Panchayat, District Panchayat, Leaders of Political Parties and Voluntary Organisations was held under the chairmanship of Shri. P.V.P. Mohammed Khaleel, Sub Divisional Officer at Cluster Centre on 2nd August, 2016. The meeting discussed to celebrate the Independence Day 2016 in a befitting manner and unanimously elected various committees. Shri. P.V.P. Mohammed Khaleel, Sub Divisional Officer briefed the objective of the meeting and requested the participants to give maximum co-operation for the celebration. Shri. K.M. Ibrahim, VEO proposed vote of thanks.

The event will see participation from various stakeholders including Cabinet Ministers, Senior Officers from Ministries and Departments, government organisations, representatives from media, IT and social media industry and citizens who have participated in the MyGov initiatives.

This will be a first Town Hall by an Indian Prime Minister. Town Hall as a concept is commonly used in the West among politicians as well as CEOs to interact with people directly. MyGov has 35.2 lakh registered members.

New Delhi : Prime Minister Narendra Modi will launch a mobile app for the Prime Minister's Office, tomorrow on the occasion of second anniversary of citizen engagement portal Mygov(dot)in. The Prime Minister has often taken ideas for his programme 'Mann Ki Baat' from this portal.

The application has been developed by six students, selected through a contest. The app will allow Prime Minister to directly interact with citizens, who can share their ideas and thoughts.

The Prime Minister also will launch new initiatives and distribute prizes to winners of the contest.

New Zika vaccine to be tested in humans

New Delhi : A new needle-free DNA vaccine against the Zika virus is being tested in people, US health officials have announced - moving forward in the fight against the virus that has been linked to serious birth defects. As a part of an early study run by the US National Institute of Allergy and Infectious Diseases (NIAID), about 80 volunteers in the US aged 18 to 35 will receive the NIAID Zika virus investigational DNA vaccine.

If the vaccine appears safe and produces a good immune response against the virus, researchers plan to start a Phase 2 trial in 2017 in countries where Zika outbreaks are occurring, said Anthony Fauci, director of NIAID. The vaccine contains a small, circular piece of DNA called a plasmid. Within that plasmid are genes that code for certain Zika virus proteins.

These will cause an immune response against the virus, thus protecting from infection, the researchers said.

This type of vaccine is known as a DNA vaccine, and researchers have used it in the past for diseases such as West Nile virus.

All the volunteers will get at least one dose of the vaccine, and some will get two or three doses that are spaced out over a number of weeks.

India maintains its economic growth rate despite challenging global situation: Jaitley

New Delhi : Union Finance Minister Arun Jaitley has said, India has maintained its economic growth rate despite challenging global situation.

Replying to a debate in the Lok Sabha yesterday on the Supplementary Demands for Grants for the current financial year, Mr Jaitley expressed hope that the country will do better further on economic front monsoon is good this year.

He said, it will generate rural demands and will spur agricultural

growth and enhance farmers income.

The Minister said, India needs higher investment for development of infrastructure sector. He also said, there should be a reasonable tax system and tax evaders should be brought within the tax net.

He said, this year 38 thousand 500 crore rupees have been provided for the scheme and additional 5000 crore rupees are being given through supplementary demand.

Rio Olympics set for grand opening

New Delhi : The most crisis-ridden Olympic Games in history opens on Friday with Rio organisers hoping to draw a line under a turbulent seven-year build-up to the greatest sporting show on Earth.

Football legend Pele is tipped to ignite the Olympic flame at Rio's iconic Maracana Stadium in the opening ceremony, as the four-yearly celebration of sporting endeavor arrives in South America for the first time. After more than a decade of bidding, building, wishing and dreading, Rio de Janeiro is finally about to step into the full Olympic glare on Friday night. A spectacle meant to unite the globe while serving as a powerful mouthpiece for national pride and history, Brazil officially kicks off the 2016 Summer Olympic Games with the opening ceremony in Rio de Janeiro at the famed Maracana Stadium. The games mark the first time in history a South American country will serve as host, and Brazil has reportedly spent the last five years and 400,000 hours preparing for a ceremony that will feature the traditional Olympic fare like the Olympic Oath, the hoisting of each nation's flags, and the parade of

athletes, as well as Brazil's rich cultural history. The show will also include a call for peace with music, dances, and 3D projections following Brazil's history from its jungles and indigenous tribes to its monolithic cities. In 2008, Beijing's meticulously drilled multitudes declared China's emergence as a new Great Power to be reckoned with. The witty 2012 London Olympics showed Britain's multi ethnicity. The mission for Rio is very different from the best of London or Beijing. It does not have the wealth of a first world nation. Nor does it have the powers of an authoritarian state to censor inconvenient facts, quash dissent and ram through construction project. But it will provide a far more beautiful setting than its predecessors, a greater propensity to party. Brazil and Rio both are under pressure to make a good first impression on Friday night. Over the next two weeks, we will find out whether they have succeeded or not.

Cabinet approves Motor Vehicle (Amendment) Bill 2016

New Delhi : Union Cabinet has approved Motor Vehicle (Amendment) Bill 2016 to improve road safety in the country. The bill proposes to increase penalties against traffic violations to as deterrent measure.

It also has stricter provisions for offences like juvenile driving, drunken driving and driving without licence.

An official release said, compensation for hit-and-run cases has been hiked from 25,000 rupees to two lakh rupees and in case of fatality it will up to 10 lakh rupees.

Driving without insurance will attract 2,000 rupees fine and/or imprisonment, two thousand rupees fine and licence suspension for helmet-less driving. Besides, for drunken driving steep penalty of up to 10,000 rupees has been proposed.

AIR correspondent reports that every year 5 lakh road accidents are reported in the country in which 1.5 lakh people lose their lives.

Over 50 % decline in graft complaints: CVC

New Delhi : Central Vigilance Commission (CVC) has said that graft complaints declined over 50 per cent in 2015 as against 2014. The probity watchdog said it received 29,838 complaints in 2015, the lowest in the past four years. According to a report recently tabled in Parliament, Central Vigilance Commission received 62,362 such complaints in 2014. The Commission's annual report for 2015 mentioned that it had received 31,432 and 37,039 complaints of alleged corruption during 2013 and 2012 respectively.

Union Territory of Lakshadweep
Sub-Divisional Officer, Kadmat

F.No.19/2/2015-SDO(KDT)

Dated : 27-07-2016

NOTICE

The following persons of Kadmat Island have applied for Ownership Certificate in respect of their land/property and details of Survey No. and document No. are follows.

Sl. No.	Name of present Landholder	Sy.No./Sub Divin.No.	Area in Sq.Mts.	R. P. No./ Document No.
01.	Mohammed Ali, Edanilam	163/4B2 4/2	80 Sq.m. 40 Sq.m.	D.No.106/2016B1 -do-
02.	Shafi, Kunninamel	196/7A	118.40 Sq.m.	D.No.26/99

It is proposed to give Ownership Certificate in favour of the above persons/ Institutions Kadmat. Those who have objections, if any, to the issuance of the Ownership Certificate may file their objections, with valid documents in support of their claims before the undersigned within 30 days from the date of publication of this notice in Lakshadweep Times.

Sd/-
(P.V.P. MOHAMMED KHALEEL)
Sub-Divisional Officer, Kadmat Island.

GOVT. OF INDIA, LAKSHADWEEP ADMINISTRATION
(Department of Science & Technology)
Kavaratti Island,

Dated : 22.06.2016

NOTIFICATION

F.No. 14/1/2015-S&T : The Ministry of Environment, Forest and Climate Change, Govt. of India, New Delhi had approved the IIMPs vide order No.19011/16/91-IA.III dated 23.10.2015 for ten inhabited islands of Lakshadweep ((i) Kavaratti; (ii) Agatti; (iii) Androth; (iv) Amini; (v) Kadmat; (vi) Kalpeni; (vii) Chetlat; (viii) Kiltan; (ix) Bitra; (x) Minicoy) with the directions to the UTLA to strictly comply with the plan. The same is notified for the information of public.

No.19011/16/91-IA.III
Government of India
Ministry of Environment, Forest and Climate Change
(IA Division)

Indira Paryavaran Bhawan,
Aliganj, Jor Bagh Road,
New Delhi-110003.

Dated the 23rd October, 2015

In compliance to the Orders of Hon'ble Supreme Court in Writ Petition No. 664 of 1993 vide Orders of the Hon'ble Supreme Court dated 18th April, 1996, the Ministry of Environment & Forest had issued the Lakshadweep Coastal Zone Management Plan vide Ministry's letter No.J-19011/16/91-IA-III, dated 27th September, 1996 under the Coastal Regulation Zone (CRZ) Notification, 1991 as amended from time to time.

2. In supersession of the CRZ Notification, 1991 the MoEF had issued the CRZ Notification, 2011 and Island Protection Zone (IPZ) Notification, 2011 vide S.O.19(E) dated 6th January, 2011 and S.O. 20(E), dated 6th January, 2011, respectively.

3. The IPZ Notification, 2011 regulates developmental activities in the Islands of A&N and Lakshadweep.

4. As per para II(a) (2) of the IPZ Notification, the Union Territory of Lakshadweep Administration (UTLA) shall prepare the Integrated Island Management Plan (IIMPs) as per the guidelines detailed out in the Island Protection Zone (IPZ) Notification, 2011 for the purpose of Integrated sustainable development of Lakshadweep islands.

5. The Hon'ble Supreme Court in its Order dated 11th May, 2012 in Civil Appeal No. 4625-4626 of 2012 filed by M/s Sea Shell Beach Resorts Vs. Union Territory of Lakshadweep and Others (Appellant) (arising out of SLP (Civil) No. 5967-5968 of 2012) appointed the Expert Committee under the Chairmanship of Justice R.V. Raveendran, Former Judge, Supreme Court of India. One of the main ToRs of Justice R.V. Raveendran Committee is to evaluate the draft IIMP received from National Centre for Earth Science Studies (NCESS), Kerala and others that may be received in due course and make such additions and alternations in the same as it may consider proper.

6. Justice R.V. Raveendran Committee submitted its Report on 4th July, 2014. The Expert Committee in its Report at Chapter-9 para 3 have made recommendations to the UTLA after carefully considering all materials received or gathered by the Committee including the IIMPs prepared by NCESS.

7. The Ministry observed six gap areas in the IIMPs prepared by NCESS and assigned the work of addressing these six gap areas to National Centre for Sustainable Coastal Management (NCSCM), Chennai which is a specialized Research and Development Centre under MoEF&CC.

8. The Hon'ble Supreme Court in its Order dated 19th August, 2015 in Civil Appeal No.4625-4626 of 2012 directed the Ministry to complete the IIMPs by addressing the six gap areas and file the affidavit by 18th November, 2015. In compliance to the above Orders. NCSCM completed the IIMPs by addressing the six gap areas and the same was presented to Lakshadweep Coastal Zone Management Authority (LCZMA) on 12th October, 2015. The LCZMA after considering the IIMPs and the Report of NCSCM addressing the six gap areas recommended the same to MoEF&CC vide their Diary No. 2002 dated 14th October, 2015.

9. In accordance with para II(a) (10) and (11) place the recommendations of LCZMA along with a report of NCSCM before the National Coastal Zone Management Authority (NCZMA) that met on 15th October, 2015. The NCZMA made its recommendations which were approved by MoEF&CC.

10. Now, in compliance with the Orders of Hon'ble Supreme Court in Civil Appeal No. 4625-4626 of 2012, taking into consideration the recommendations made by Justice R.V.Raveendran Committee and the recommendations made by LCZMA and NCZMA, this Ministry hereby approves the IIMPs of ten inhabited islands of Lakshadweep ((i) Kavaratti; (ii) Agatti; (iii) Androth; (iv) Amini; (v) Kadmat; (vi) Kalpeni; (vii) Chetlat; (viii) Kiltan; (ix) Bitra; (x) Minicoy) prepared by NCESS, Thiruvananthapuram along with the gap areas addressed in the Reports submitted by NCSCM, Chennai with the following directions to the UTLA to strictly comply with:-

A. Recommendations made by Justice R.V. Raveendran Committee in their Report dated 4th July, 2014 in the para 3 of the Chapter-9

(i). The No Development Zone (NDZ) shall be a uniform 20 m zone from HTL all along the coast line of Lakshadweep islands. The remaining portions of the islands (that is, the landward areas of the 'No Development Zone') shall be developed as proposed in the Integrated Island Management Plans (IIMPs).

(ii). Approval process under the Development Control Regulations (a simple model of which is prepared by the Committee, tailored to meet the requirements of Lakshadweep Islands, as per Appendix III to this report) shall be compulsory before starting of any development including the governmental projects. Projects / developments commenced without prior approval, after DCRs came into operation, shall not be regularized.

(iii). All developments envisaged in the IIMP shall be implemented in consultation with the elected local self-government bodies. Considering the fragile eco system, all forms of development by Government or otherwise (except any guarded development for carefully predetermined operational constructions), shall uniformly adhere to the IIMPs.

4. Sensitization of officials and education of the islanders to create awareness about the fragile ecology of the islands and the need for conservation of the corals, lagoons and other eco-systems may be taken up on priority. As a part of such education / sensitization, there should be emphasis on the need for reduction of fuel consuming polluting motor vehicles, conservation of water and energy, creation of non-polluting alternative sources of energy, and creation of efficient non-polluting sewage disposal.

5. Detailed guidelines for the preservation and conservation of eco-systems provided in this report, should strictly adhered. Mapping of corals, sea grass and distribution of rare endangered organisms should be undertaken (in high resolution) to facilitate implementation of provisions specified for preservation and conservation of ecosystems. These maps may be periodically updated, say at least every 5 years.

6. Agriculture (mainly coconut groves) and horticulture need to be modernized to achieve better yield and employment generation. Processing and marketing sectors require special attention for making them remunerative and sustainable. The dwindling of the area under horticulture needs to be urgently arrested.

7. Deep sea fishing (especially for tuna fishing), by providing a mother vessel with facilities to process the fish caught by smaller fleets owned by the islanders, may be developed. Simultaneously ornamental fisheries need to be encouraged.

8. The Administration should identify and encourage establishment of non-polluting industries (either based on the produce of the islands and the sea or otherwise) to create employment opportunities to the islanders and generate self-sufficiency for the islands. The excessive dependency on non-productive government employment (which at present is stated to extend to as much as 10% of the population) should be gradually reduced.

9. Having regard to the importance of transportation of goods and people to and from the UT and also between the islands, the following steps are to be taken:

i. There should be a guarded upgrade of the air strip at Agatti primarily through an extension away from the main island.

ii. A second airstrip should be created at Minicoy.

iii. The proposed airstrip at Andrott which is environmentally unfeasible and destructive, should be dropped (It is not therefore incorporated in the draft IIMPs).

iv. Improved VTOL services and infrastructure through larger helicopters are recommended along with seaplane services.

v. Improved facilities for goods and people by ships should be governed by lagoon conservation parameters.

vi. Scope for offshore anchoring of larger tourism vessels in several islands should be developed.

10. It is highly essential to protect corals, sea grass and other ecosystems from anthropogenic activities like waste disposal, port development and associated activities like dredging of navigational channel and construction of breakwaters, tourism and related activities, sand mining, intensive fishing etc.

11. Coastal protection by hard structures must be adopted only when the erosion is extremely critical and results in the loss of infrastructural or invaluable assets / properties. The coastal protection structures should be designed, adopted and constructed only based on detailed scientific studies. Till then, the existing proposals for constructing coastal protection measures (through hard structures / tetrapods) should be discontinued.

12. The indiscriminate dumping of concrete tetrapods on the island beaches, which has led to erosion in other parts of the islands and which has destroyed the aesthetics of the beaches and prevented access to the beaches, should be discontinued. The natural beaches and the coastal dunes must be preserved. The strengthening of the reefs using eco-friendly methods must be encouraged as a solution to control coastal erosion.

13. Those who lose their land due to coastal erosion may be compensated either financially or by rehabilitating them elsewhere in the island.

14. Technical feasibility of installing wind mills in the eastern side of the islands / lagoons and introduction of more solar stations may be explored.

15. Tourism may be promoted by accommodating tourists in authorized Resorts or Tourist Homes in the uninhabited islands and uninhabited / sparsely occupied portions of the inhabited islands. The number of 'Resorts' and Private 'Tourist Homes' to be licensed by the Administration should however be limited, so that the total tourist capacity at any given point of time does not exceed the permitted tourist carrying capacity of the respective islands.

16. In view of the strict social customs and traditions of the insular inhabitants of the islands and strong resistance of the vast majority, the Committee does not recommend 'Home stays' as a source of tourist accommodation.

17. The Lakshadweep Administration shall formulate the conditions applicable to (i) tourists, (ii) persons running resorts / tourist homes, (iii) resorts, and (iv) tourist homes.

18. Other suggestions and recommendations made by the Committee in the report should also be taken into account while implementing the IIMPs."

B. Recommendations made by NCSCM and approved by NCZMA and MoEF&CC with regard to the six gap areas.

(a) Developing and designing an ecologically sustainable system for foreshore protection along coral reefs, Simultaneously, evolving a system for effective solid waste disposal and effluent discharge system that does not affect the coral areas:

I. Immediate intervention

(i) The UT Administration in consultation with reputed scientific institutions such as CWPRS/NCSCM shall undertake erosion control measures in the identified eroding stretches by deploying submerged soft structures (e.g. geo-tubes, artificial reefs) in the coastal region including lagoon. Further, In the high eroding sites identified by NCSCM, where such soft structures may not be suitable, hard shore protection structures such as tetra pods / groins may be erected based on micro-level scientific studies with main emphasis on protection of corals.

(ii) The UT Administration in consultation with reputed scientific institutions such as CWPRS/NCSCM shall conduct detailed "site specific" field surveys in the Agatti island, coupled with coastal hydrodynamic process using numerical modeling studies that are necessary to determine the long term effects of coastal processes (wave, wind, tide, current and sediment transport) on the coral reefs and shoreline, including impacts of climate change for appropriately designing and locating a suitable ecologically sustainable foreshore protection structure at Agatti. Until the above studies are completed, UT Administration shall prohibit dredging, sand mining or any other activities such as construction of foreshore facilities, laying of pipelines, etc. that are detrimental to the coastline and the coral constraints of navigation in the channel the UTLA shall file a separate affidavit before the Hon'ble Supreme Court explaining its position in the matter. Till such time the UTLA shall abide by the recommendations made by Justice R.V. Raveendran Committee with regard to the dredging in the navigational channel.

II. Long-term Intervention

(i) High resolution mapping of island using aerial photography (as is presently being carried out for the entire mainland coast of India by MoEF & CC under the ICZM project through Survey of India/ NCSCM, including LIDAR, Bathymetry LIDAR and multi-temporal high resolution satellite imagery shall be undertaken by the above organizations to study the geomorphologic features of the coastline and to map the coral and other natural resources of the island. This component could be included under the Phase II of the Integrated Coastal Zone Management project.

(ii) While addressing the shoreline change problems of the island, the UTLA and the scientific institutions shall also ensure that such erosion control measures proposed to be deployed do not destroy the aesthetics and beauty of the islands and the coastline, which are crucial to promotion of tourism.

(b) Conservation and Protection of the coral and its biodiversity:

I. Immediate Measures

(i) The UTLA shall prohibit dredging, sand mining or any other activities like construction of foreshore facilities, laying of pipe lines, etc that are detrimental to the coast line and the coral reefs, till the scientific studies as indicated under Gap (a), item No. 1 (ii) are completed keeping in view the concerns of public safety and operational constraints of navigation in the channel the UTLA shall file a separate affidavit before the Hon'ble Supreme Court explaining its position in the matter. Till such time the UTLA shall abide by the recommendations made by Justice R.V. Raveendran Committee with regard to the dredging in the navigational channel.

(ii) Further, UTLA shall prohibit the dumping of any kind of waste, including untreated sewage and solid waste. Till the studies with respect to zero discharge and re-cycling, re-use of waste and sewage as indicated in Gap (c) are completed, the island administration shall discharge treated sewage as per the permissible standards under various legal instruments pertaining to islands.

(iii) The UTLA shall engage with the fishing community in order to formulate appropriate management plan in consonance with the recommendations in Gap (e), Item No.1 (v), including regulatory measures for sustainable fishing in the reef areas.

II. Short-term Measures

(i) The UTLA has already established a framework of action, jointly with Zoological Survey of India (ZSI), for monitoring the coral reef health through Lakshadweep Coral Reef Monitoring Network (LCRMN). It is recommended that the above ecosystem health assessment program shall assess and track the changes in reef communities in response to natural and anthropogenic stressors. Further, the above study shall also assess the conservation value of the reef ecosystems, based on which the highly sensitive areas shall be identified and notified under Environment (Protection) Act, 1986 so as to maintain the pristine nature of such areas.

(ii) As per the scientific study report shared by the UTLA, Agatti has been reported to have large numbers of beds of giant clam, which is listed under schedule I of WLPA, 1972. It is recommended that the identified areas shall be notified as conservation reserves under WLPA (1972), without compromising the traditional rights of the local community.

(iii) The ballast water discharge from the ships and tourist cruises should be strictly prohibited in order to protect the reef biodiversity from invasive organisms. The UTLA shall put in place a scientific monitoring system to analyze the invasive species. With regard to discharge of ballast water the UTLA shall abide by the provisions of Merchant Shipping Act 1958 and its amendments. However, if the UTLA needs any further provisions or dilution in the matter, the UTLA shall file an affidavit separately.

(iv) The UTLA shall take up an integrated approach involving all stakeholders in the islands to promote conservation of coral reefs and its biodiversity.

III. Long-term Measures

(i) Keeping in view the serious nature of the issue and urgent requirement of conservation and protection of coral reef and its biodiversity, UT Administration along with MoEF&CC shall put in place a strong institutional mechanism for planning and implementing the above recommendations.

(c) Stipulations and regulations for potable water sourcing and distribution, desalination, rainwater harvesting, water recycling, sewage treatment with zero discharge, solid waste disposal:

I. Potable Water

(i) Of the above five scenarios, the fifth Scenario is recommended subject to the assumption that "tertiary level" treated sewage is supplied for noncontact purpose, through pipelines or other means to households etc.

(ii) In view of the serious health risks on account of fecal contamination in ground water aquifers, the UTLA shall take immediate steps in providing safe sanitary measures, including its disposal (as discussed in BAU Scenario of Gap "c").

(iii) UT Administration shall provide piped water supply connection to individual households to reduce the ground water dependency of the resident population, thus reducing health hazards (diseases due to water contamination by E. coli, which is a resultant of the proximity of dug wells to the soak pits). This will be taken up only after achieving the Scenarios 5.

(iv) The UTLA shall immediately undertake periodical decontamination of such areas/water bodies where there is fecal contamination in order to reduce the probability of outbreak of waterborne disease.

(v) UTLA in consultation with reputed scientific institution and also obtaining inputs from similar island states (such as Maldives, Caribbean), shall set up STP to treat the sewage up to tertiary level.

(vi) Thereafter, the Scenario 5 shall be considered for implementation.

(vii) If for any reason the STPs could not be established, then as an alternative the UTLA shall augment the capacity of the desalination plant, NCSCM may also suggest and recommend suitable technological interventions in this regard.

II. Desalination

(i) To meet the water requirements of any commercial activity such as tourism, water consuming industry, it will be the responsibility of the individual unit owners to meet the requirement of the water. The UT Administration shall not extend water from the desalination plants for commercial activities, even on chargeable basis.

III. Rain Water Harvesting (including groundwater)

(i) It has been observed that the natural / artificial ponds (167 No.) in Agatti are not in proper use. The UTLA shall formulate a management plan for rejuvenation/decontamination of these ponds and use it effectively to meet the water requirement of 5.65 lakh litres per day in 2021 and 5.80 lakh litres per day in 2025.

(ii) The UTLA in consultation with reputed scientific agencies including CGWB shall design appropriate rainwater harvesting structures for individual houses including the roof-top modifications and implement the same within a stipulated time period.

(iii) Withdrawal of groundwater by mechanized means shall be regulated by the UTLA in accordance with the relevant provisions of IPZ Notification 2011.

IV. Sludge

(i) The sludge from the STP shall be collected, composted including vermi-composting. The vermi-composted sludge, after decontaminated from coli forms, shall be used for horticulture.

(ii) No discharge/dumping shall be permitted on the lagoon side of the island.

V. Solid Waste

(i) The UTLA shall put in place, source segregation (biodegradable and non-biodegradable), collection, transportation, storage, processing, and disposal, as per the provisions of the MSW Rules 2000 as amended from time to time.

(ii) The biodegradables such as coconut husk and other plant material shall be dried and used as fuel for boilers used for fish processing.

(iii) Non-biodegradable, which mainly comprise of plastics, the UTLA shall set up a mini-plastic pelletizing unit, for which the boilers could also be used.

(iv) The other non-recyclable solid waste such as medical waste shall be incinerated as per Biomedical waster Rules (1998).

(v) Recyclable solid waste (glass/metals, e-waste and other hazardous waste) shall be sent to mainland for further processing.

(vi) At no cost, the UTLA shall undertake land-fill, within the islands.

(vii) The UTLA shall prohibit the use of polythene carry bags irrespective of micron size and Lakshadweep Islands shall be declared as "No Polythene Bag Zone".

(d) The necessity of tourism carrying capacity study and determination and regulations of tourism infrastructure including that for restrictions and prohibition on constructions in specified stretches and of building type, permissibility of use of FSI and floors:

The tourism carrying capacity of the islands will be assessed by i) Physical; (ii) Ecological and (iii) Social carrying capacities.

I. Potable Water

(i) UTLA may carry out feasibility studies regarding installation of STPs in the islands and thereafter may take decision regarding implementation. However, as proposed by UTLA it would have option to explore other alternatives in case STPs are found to be unsuitable for island conditions to achieve the results expected by installing STPs.

II. Tourism Carrying Capacity

(i) The Tourism Carrying Capacity is a multidisciplinary study which requires considerable amount of data and time. Considering the paucity of time and the available data, NCSCM could not carry out on-field surveys. However, some scenarios have been discussed which needs further validation and verification. Thus, given the constraints, NCSCM is not in a position to recommend any specific intervention and is of opinion that the same can be suggested only after detailed in-vivo studies are undertaken to determine the quantum of impacts of tourism on the social, economic and environment aspects of the islands. The UTLA shall along with NCSCM undertake detailed studies through extensive field surveys to assess the tourism carrying capacity for all islands.

(e) Fisheries development including improved technologies for fishing, appropriate gears, post-harvest technology and marketing in order to make the islanders economically self-sustainable:

I. Fish Harvest

(i) The fishing fleet in Agatti shall be strengthened for endurance fishing. The existing crafts shall be provided with modern equipment/facilities for better harvesting and post harvest handling. The fishing crafts shall be provided with devices for identifying the potential fishing grounds, vessel location, etc. and the pole and line fleet need to be modernized on priority to include provisions for mechanization of water splashing: adoption of double poles, use of Fibre Reinforced Plastic (FRP) Poles, etc.

(ii) The UTLA shall also examine the possibility of deploying a collector / transportation vessel to collect the harvest from the smaller vessels and transport them to the identified island for further processing and marketing.

(iii) The UTLA shall deploy Fish Aggregating Devices (FADs) to augment the fish catch.

(iv) In accordance with Island Protection Zone (IPZ) Notification, 2011 there shall be no prohibition on traditional fishing in the reef areas. However, since, UTLA has recommended that operations of mechanized boats will be reviewed by the UTLA in view of the existing exigencies in the island: therefore UTLA may file a separate affidavit before the Hon'ble Supreme Court requesting for the terms / meaning of traditional fishing as mentioned in the IPZ Notification 2011 and if necessary include operation of mechanized boats within the ambit of traditional fishing so that security of livelihood for the fishermen population of the islands is not affected. Till such time the UTLA shall abide by the provisions of IPZ Notification, 2011.

II. Post Harvest

(i) The existing landing facility and other foreshore facilities shall be suitably modified / modernized to berth fishing vessels, unload the catch and to load supplies for processing and storage.

(ii) The UT Administration shall modernize the existing post harvest infrastructure ice plants, cold storages, fish markets, etc., and shall establish additional infrastructure, after a detailed assessment of requirement against the capacity of the existing infrastructure.

(iii) The UT Administration in cooperation with local communities shall take up measures for establishing small-scale value added product (VAP) Units to augment the livelihood of the local communities.

(iv) UT Administration shall engage with ICAR-CIFT for sustainable development of fisheries through adoption of appropriate post harvest technologies.

(v) UT Administration through reputed scientific institutions shall explore that possibility of using alternative energy sources for the above post harvest facilities in the island.

III. Sustainable Fisheries management

(i) The UTLA through expert agencies shall monitor baitfish and reef fish spawn aggregations and appropriate regulatory measures shall be framed involving the community for sustainable fishing.

(ii) The UTLA shall strengthen the fish landing data collection system in the islands and efforts shall be initiated to develop a web-enabled Fishery Information System (FIS) for effective data compilation and reporting, through ICAR-CMFRI/CIARI.

(iii) UTLA shall strengthen fisheries co-operatives, Self Help Groups (with special focus on those run by women) and credit linkages, for promoting fisheries in the islands through the local communities.

IV. Mariculture including ornamental fish culture

(i) UTLA shall explore the possibilities to scale up the commercial operation of the captive breeding of ornamental fishes, with a view to improve the livelihood of the local communities and to promote tourism.

(ii) UTLA in consultation with ICAR-CMFRI shall undertake captive breeding of species requiring conservation, which would also support the growing tourism industry.

(f) Development of alternate and non-conventional sources of energy;

(i) The UTLA shall enhance the existing capacity of solar power and ensure proper and sustained maintenance of these installations.

(ii) The UTLA shall make it mandatory for certain specified commercial establishments (especially tourism and industry) to have self sustaining source of energy. The category of establishments to be covered shall be determined by the UTLA.

(iii) The UTLA shall examine the installation of pilot solar farms in the offshore areas on the sea side of the island along with NCSCM.

(iv) The UT Administration shall develop at Hybrid energy system coupling offshore wind for monsoon seasons when production from solar energy is low.

(v) The UTLA shall put in place energy generated through biomass using coconut husk and other wastes for which feasibility studies will be made by NCSCM.

(vi) The UTLA shall explore the possibilities of conversion of sewage sludge to solid fuels.

(vii) The UTLA shall amend the Building Bye Laws so as to make solar roof top mandatory for building with specific plinth area.

C. Other conditions:-

(i) The UTLA shall take necessary immediate steps in the implementation of the provision of the IPZ Notification, 2011.

(ii) In accordance with Orders dated 20th January 2015 of the Hon'ble Supreme Court in Civil Appeal No. 4625-4626 of 2012, the High Tide Line (HTL) on the ground shall be got demarcated. Accordingly, the NDZ shall be demarcated on the landward side from the HTL demarcated by the above approved agency.

(iii) To protect the island communities from the impacts of climate change and vulnerability of the islands to the hazards from the sea, UTLA shall put in place a disaster management plan in consultation with National Disaster Management Authority.

11. The LCZMA shall strictly monitor the compliance of the above conditions. The UTLA shall submit the compliance report of each of the above conditions including the Orders of Hon'ble Supreme Court in Civil Appeal No. 4625-4626 of 2012 to MoEF & CC quarterly through LCZMA.

This issues with the approval of Hon'ble Minister for Environment, Forest and Climate Change.

F. No.04/04/2015-A&C

Dated : 29.06.2016

EMPLOYMENT NOTICE

Applications are invited from eligible local candidates from Lakshadweep to fill up three vacancies under direct recruitment through open competitive examination and one post is reserved for Hearing Handicapped vide F.No.01/10/2014-Estt/2118 dated 10.06.2016.

Sl. No.	Name of the post	Name of the Service	No. of vacancies	Scale of Pay
1.	Library & Information Assistant	General Central Service Group B (NonGazetted-Ministerial)	3	9300-34800+ GP 4200

* Subject to change at the time of appointment.

Age limit as on 31.08.2016 18 to 30 (Relaxable for Government Servant, SC/ST candidates, Ex-Serviceman and other special categories of person in accordance with instructions/orders issued from time to time).

Sl. No.	Name of the post	Essential Qualification	Desirable Qualification
1.	Library & Information Assistant	BLISc/MLISc/integrated MLISc form recognized University	NA

Note : Candidates who does not possess the required qualification as on .07.2016 need not apply.

The Department will conduct Written Test for selection. 100% weightage will be awarded for written test. The candidates who secure 45% marks in the written examination will be considered for the selection to the Post of Library and Information Assistant on the basis of the merit. The written test will be objective type with 60% question from Library Information Science, 20% question from general English and 20% question from general awareness.

Willing local candidates from Lakshadweep possessing above qualification may apply in the prescribed form only. The duly filled application from along with Two passport size photograph, attested copies to prove age, educational qualification, community, disability, etc. should reach the **Director (Art and Culture), U.T. of Lakshadweep, Kavaratti on or before 5.00 PM on 31.08.2016.** Applications received after the closing date and time and without necessary enclosures will not be considered for selection. This Department will not be responsible for any postal delay. If on verification at any time before or after the written examination, if it is found that they do not fulfill any of the eligibility conditions; their candidature for the examination will be cancelled. Late application and application without attested copies of certificates, marks statement and other documents will be summarily rejected.

All eligible candidates who apply in response to this Notification by the closing date will be assigned roll numbers. These will be communicated to them or placed on the Websites of the Lakshadweep Administration at least two weeks before the date of examination. Candidates must write his or her name, roll no. date of birth, name of examination on all future communication with the Department. Communications from the candidate not furnishing above particulars shall not be entertained. Candidates must carry one photo bearing Identity proof such as Driving License, Voter Card, College or University ID card, Aadhar Card while attending the examination failing which they shall not be allowed to appear for the examination. All candidates who applied for the examination have to ensure that they fulfilled all the eligibility conditions for admission to examination.

The date of examination will be communicated later on.

ഇന്ത്യയുടെ സൗരോർജ്ജ പുരോഗതി

മലിനീകരണ വാതകങ്ങളുടെ ബഹിർഗമനം കുറച്ചുകൊണ്ട് ഐക്യരാഷ്ട്ര സംഘടനയുടെ കാലാവസ്ഥാവ്യതിയാന അജണ്ട പ്രകാരമുള്ള പാരിസ്ഥിതിക ഉടമ്പടി പാലിക്കാൻ മാത്രമല്ല, തൊഴിൽ ലഭ്യത സൃഷ്ടിക്കാൻ കൂടിയാണ് ഇന്ത്യ സൗരോർജ്ജത്തെ വലിയതോതിൽ ആശ്രയിക്കുന്നത്.

ഹിമാലയൻ സംസ്ഥാനമായ അരുണാചൽ പ്രദേശിലെ തവാങ്ങ് ജില്ലയുടെ ഉൾപ്രദേശത്തുള്ള തുവ്ര ഗ്രാമത്തിലുള്ള റിപ്പൻ ചോട്ടോൻ ഒരു സാധാരണ പെൺകുട്ടിയല്ല. വൈദ്യുതിക്കമ്മിനേരിടുന്ന സംസ്ഥാനം ഈയിടെ സന്ദർശിച്ചപ്പോഴാണ് ഞാൻ അവളെ കണ്ടത്. സ്കൂളിൽ നിന്നും കൊഴിഞ്ഞുപോയ ആ പെൺകുട്ടി മൊബൈൽ ഫോൺ റീചാർജ്ജ് ചെയ്യുന്നതിനും, എമർജൻസി ലാമ്പുകൾക്കും ഉപയോഗിച്ചിരുന്നത് ഒരു ചെറിയ ഫോട്ടോ വോൾട്ടെക് (പി വി) പാനലാണ്.

പ്രാപ്യതയും, ലഭ്യതയും അടക്കം നൂറ്കണക്കിന് പ്രശ്നങ്ങളുണ്ടെങ്കിലും ചോട്ടോൻ അവളുടെ ഇഷ്ടം ബുദ്ധിപരമായി തെരഞ്ഞെടുത്തു. ഏകദേശം 7,000 അടി ഉയരത്തിൽ മഴവളരെ കുറഞ്ഞ് ലഭിക്കുകയും, വർഷത്തിൽ ഏതാണ്ട് എല്ലാ മാസവും നല്ല സൂര്യപ്രകാശവും ലഭിക്കുന്ന തണുപ്പേറിയ പ്രദേശം. ഡൽഹിയിൽ വർഷത്തിൽ ഏതാണ്ട് കൂടുതൽ മാസവും നല്ല സൂര്യപ്രകാശവും ലഭിക്കുകയും മൺസൂൺ കാലത്ത് മൂന്ന് മാസം മഴ ലഭിക്കുകയും ചെയ്യുന്നു. പക്ഷേ എത്ര സാക്ഷരരാണ്, ഉന്നത വിദ്യാഭ്യാസവന്നരായ ഡൽഹിയിലെ യുവാക്കളാണ് മൊബൈൽ ഗെയിമുകളായ ടെബിൾ റൺസും, പോക് മോൺ ഗോസും കളിക്കുന്നതിനുവേണ്ടി മൊബൈൽ ഫോണുകൾ സൗരോർജ്ജം ഉപയോഗിച്ച് റീചാർജ്ജ് ചെയ്യുന്നത് ?.

ഒരു പക്ഷേ, നിങ്ങൾക്കിതിന്റെ ഉത്തരം അറിയുന്നുണ്ടോ? അതുകൊണ്ടാണ് ഞാൻ ചോട്ടോനെ അസാധാരണമായ പെൺകുട്ടിയെന്ന് വിളിക്കുന്നത്. സൂര്യാനുഗ്രഹമുള്ള നമ്മുടെ രാജ്യത്തെ സൗരോർജ്ജ ശേഷി വിനിയോഗിക്കുന്നത് പ്രോത്സാഹിപ്പിക്കാൻ ഇന്ത്യാ ഗവൺമെന്റ് മാതൃകാപരയായി ചോട്ടോനെ ഉയർത്തിക്കാട്ടുന്നു.

പരിസ്ഥിതിയെ ദോഷകരമായി ബാധിക്കുകയും മാലിന്യമൂലവാക്കുകയും ചെയ്യുന്ന പരമ്പരാഗത ഊർജ്ജ സ്രോതസ്സുകൾക്കുള്ള പ്രാധാന്യം കുറയ്ക്കുകയും ഇന്ത്യയുടെ ലക്ഷ്യം സൗരോർജ്ജമാകുകയും ചെയ്തതോടെ ഊർജ്ജാൽപാദനത്തിൽ വന്ന മാറ്റം പ്രകടമാണ്. മലിന വാതകങ്ങളുടെ ബഹിർഗമനം കുറച്ചുകൊണ്ട് ഐക്യരാഷ്ട്ര സംഘടനയുടെ കാലാവസ്ഥാവ്യതിയാന പാരിസ്ഥിതിക ഉടമ്പടി പാലിക്കുന്നതിൽ മാത്രമല്ല, വിദൂരങ്ങളിലുള്ള ലവാക്ക്, റാൻ ഓഫ് ക്വട്ട് തുടങ്ങിയ ഉൾപ്രദേശങ്ങളുടെ കാര്യത്തിലടക്കം, ഇന്ധനവളർച്ച കൈവരിക്കാനും, തൊഴിൽ ലഭ്യത സൃഷ്ടിക്കാനുമാണ് ഇന്ത്യ സൗരോർജ്ജത്തെ വലിയതോതിൽ ആശ്രയിക്കുന്നത്.

ഐക്യരാഷ്ട്ര സംഘടനയുടെ സമർപ്പിച്ച കാലാവസ്ഥാവ്യതിയാനത്തെ നേരിടാനുള്ള ആസൂത്രണ പദ്ധതിയായ ഇൻഡസ് നാഷണലി ഡിവിഷൻ മെൻഡ് കോൺട്രിബ്യൂഷൻസ് (ഐ എൻ ഡി സി)-ൽ സൗരോർജ്ജം 2022-ഓടെ 100 ജിഗാവാട്ട് വർദ്ധിപ്പിച്ച് ഇന്ത്യ 175 ജിഗാവാട്ട് പുനരുൽപ്പാദിപ്പിക്കാവുന്ന ഊർജ്ജം എന്ന ലക്ഷ്യം കൈവരിക്കാനാകുമെന്ന് ഉറപ്പു നൽകിയിരുന്നു. ഇതിൽ 40 ജിഗാവാട്ടും മേൽക്കൂരയിൽ സ്ഥാപിക്കുന്ന സൗരോർജ്ജ പാനലിൽ നിന്നാകും.

ഗവൺമെന്റ് രേഖകൾ പ്രകാരം 2016 മെയ് വരെയുള്ള സൗരോർജ്ജ

സ്ഥാപിത ശേഷി 7564 മെഗാവാട്ടും, നടപ്പു വർഷത്തിൽ ലക്ഷ്യമിടുന്ന ഗ്രിഡുമായി ബന്ധിപ്പിച്ച സൗരോർജ്ജം 10,500 മെഗാവാട്ടുമാണ്. അധികാരത്തിൽ വന്ന രണ്ട് വർഷങ്ങൾക്കകം ഊർജ്ജാ വശ്യങ്ങൾ മുന്നിൽ കണ്ടുകൊണ്ട് ആന്ധ്രപ്രദേശിലെ 1500 മെഗാവാട്ട് ശേഷിയുള്ള ലോകത്തിലെ ഏറ്റവും വലിയ പദ്ധതിയടക്കം 21 സംസ്ഥാനങ്ങളിൽ 20,000 മെഗാവാട്ട് ശേഷിയുള്ള 34 പദ്ധതികൾക്ക് അനുമതി നൽകുകയും സോളാർ പാർക്കുകൾ പ്രഖ്യാപിക്കുകയും ചെയ്തു.

സ്വകാര്യ നടത്തിപ്പുകാരെയും സൗരോർജ്ജ ഉൽപാദനത്തിനുവേണ്ടി നിയോഗിച്ച ഏജൻസികളെയും കൂടാതെ ഗവൺമെന്റ് സൗരോർജ്ജ ഉൽപാദനത്തിനായി മറ്റു വഴികളും കണ്ടെത്തിയെന്നതാണ് ഏറ്റവും നല്ല കാര്യം. 2015 ൽ കൊച്ചി വിമാനത്താവളം ആദ്യത്തെ സൗരോർജ്ജ വിമാനത്താവളമായി മാറി. മറ്റു വിമാനത്താവളങ്ങൾ, ഇന്ത്യൻ റെയിൽവേ, സംസ്ഥാന ഗവൺമെന്റുകളുടെ മുഴുവൻ കെട്ടിടങ്ങളിലെല്ലെങ്കിലും സി പി ഡബ്ല്യു യു ഡി നിർമ്മിക്കുന്ന കേന്ദ്ര ഗവൺമെന്റ് കെട്ടിടങ്ങൾ, ടോൾ പ്ലാസകൾ തുടങ്ങിയവ ഇതിനകം സൗരോർജ്ജത്താൽ പ്രവർത്തിച്ച് തുടങ്ങുകയോ നിർമ്മാണം പുരോഗമിക്കുകയോ ആണ്.

സൗരോർജ്ജം: സാമൂഹിക പരിവർത്തനത്തെ നയിക്കാൻ പാത വാഹകർ ഈ വികസനങ്ങളെല്ലാം വെറും ഊർജ്ജമേഖലാ പ്രതിഭാസങ്ങളായി കരുതാതെ, സൗരോർജ്ജത്തെ സാമൂഹിക മാറ്റത്തിന്റെ പാത വാഹകരായി നോക്കിക്കാണേണ്ടിയിരിക്കുന്നു; വിശേഷിച്ചും ഗ്രാമങ്ങളിലും ഗ്രിഡുകളില്ലാത്ത പ്രദേശങ്ങളിലും ഇവയെത്തുമ്പോൾ. തീർച്ചയായും നിരവധി സംസ്ഥാനങ്ങൾ സൗരോർജ്ജം പ്രഥമ ആവശ്യമെന്ന നയവുമായി

മുന്നോട്ട് വന്നു. എന്തായാലും അത്തരം നയങ്ങൾ ഫലപ്രദമായി നടപ്പാക്കുന്നുവെന്ന് അവർ ഉറപ്പുവരുത്തണം.

അടുത്ത അഞ്ച് വർഷംകൊണ്ട് ചുരുങ്ങിയത് 500 മെഗാവാട്ട് വൈദ്യുതി മിച്ചമുണ്ടാക്കുന്നതിന് ഈ വർഷം ജനുവരിയിൽ മഹാരാഷ്ട്ര ഗവൺമെന്റ് സോളാർ ഓഫ് ഗ്രിഡ് പോളിസി പുറപ്പെടുവിച്ചു. ഈ നയത്തിന്റെ ഭാഗമായി സോളാർ വാട്ടർ ഹീറ്റർ പാനൽ ഉള്ള കെട്ടിടങ്ങൾക്ക് മാത്രമേ നഗര തദ്ദേശഭരണ സ്ഥാപനങ്ങളും മുൻസിപ്പൽ അതോറിറ്റിയും നിർമ്മാണ അനുമതി നൽകുകയുള്ളൂ എന്നത് ഉറപ്പാക്കാൻ വികസന നിയന്ത്രണ ചട്ടത്തിൽ മാറ്റം വരുത്താൻ നിർദ്ദേശം നൽകി. ഗവൺമെന്റ് കോളനികളിലെ വീടുകൾ, ആദിവാസി വിഭാഗക്കാർക്കുള്ള സ്കൂളുകൾ തുടങ്ങി, സ്വകാര്യ കെട്ടിടങ്ങൾ വരെ ഈ നിർദ്ദേശങ്ങൾ നിർബന്ധിതമായും പാലിക്കണം.

പണലഭ്യതകാരണം സ്വകാര്യ യൂണിറ്റുകൾ ആദ്യമേ സോളാർ സംവിധാനത്തിലേക്ക് മാറിയിരുന്നു. സംസ്ഥാന തലസ്ഥാനത്തിന്റെ വിദൂര സ്ഥലങ്ങളിൽ ഊർജ്ജ ലഭ്യത കൊണ്ടുണ്ടായ കാര്യങ്ങൾ സങ്കല്പിച്ചു നോക്കൂ. പക്ഷേ യഥാർത്ഥത്തിൽ ഓഫ് ഗ്രിഡ് പ്രദേശത്തെത്തുമ്പോൾ കിഴക്കൻ മഹാരാഷ്ട്രയിലെ ചെറിയ നഗരമായ സിറോൺ ചയ്ക്ക് പറയാനുള്ളത് ചോട്ടോന്റെ അരുണാചൽ പ്രദേശിലേതിൽ നിന്നും വ്യത്യസ്തമൊന്നുമല്ല.

1058 ഓഫ് ഗ്രിഡ് ഗ്രാമങ്ങളുടെ വൈദ്യുതീകരണത്തിനുള്ള 300 ഡബ്ല്യു.പി സോളാർ പവർ പാക്കുകളുടെ അറ്റകുറ്റപ്പണിയോടും അഞ്ചു വർഷത്തെ വാറന്റിയോടും കൂടിയ കമ്മീഷണിങ്ങ്, രൂപകൽപന, വിതരണം, സ്ഥാപനം എന്നീ പ്രക്രിയകൾക്ക് അരുണാചൽ പ്രദേശ് ഊർജ്ജ വികസന ഏജൻസി ആദ്യമേ

തുടക്കം കുറിച്ചു. അരുണാചൽ പ്രദേശിലെ ഒറ്റപ്പെട്ട കുനിൻ പ്രദേശത്തുള്ള ഗ്രാമങ്ങളിലെ ജനങ്ങൾ ആദ്യമേ സോളാർ പാനലുകൾ തെരഞ്ഞെടുക്കാൻ തുടങ്ങിയിരുന്നു. സംസ്ഥാനത്തെങ്ങും സൗരോർജ്ജ തെരുവുവിളക്കുകൾ കത്തിക്കുന്നത് സർവസാധാരണമായിരിക്കുമ്പോൾ, നിരവധി സ്ഥാപനങ്ങൾ വിശേഷിച്ചും റസിഡന്റ് സ്കൂളുകൾ സോളാർ വാട്ടർ ഹീറ്ററുകൾ ഉപയോഗിക്കാൻ തുടങ്ങി.

സ്വകാര്യ വിദൂര പ്രദേശങ്ങളിൽ വിൽപനനാന്തര സേവനങ്ങൾ ലഭ്യമല്ലാത്തതിനാലാണ് ഏതെങ്കിലും വിധത്തിൽ സൗരോർജ്ജ സംവിധാനങ്ങൾ സ്ഥാപിക്കാനോ, പരിചയപ്പെടുത്താനോ ഉള്ള ഗവൺമെന്റ് - സ്വകാര്യ പരിശ്രമങ്ങൾ ഫലപ്രദമാവാത്തത്. രണ്ടു സംസ്ഥാനങ്ങളെയും ഉദാഹരണമായെടുക്കുമ്പോൾ ഉടലെടുക്കുന്ന പൊതുവായ പ്രശ്നം ഇതാണ്.

സോളാർ വാട്ടർ ഹീറ്ററുകൾ സ്ഥാപിച്ച നൂറ്കണക്കിന് സ്കൂളുകൾ, സ്വയംപോഷിതങ്ങളുടെ അഭാവം, അറ്റകുറ്റപ്പണി ചെയ്യുന്ന ആളുകളുടെ കുറവ് തുടങ്ങി നിരവധി പ്രശ്നങ്ങൾ നേരിടുകയും അത് കാരണം ഉപകരണങ്ങൾ നശിക്കാനിടവുകയും ചെയ്യുന്നു. എന്നാൽ ഈ പ്രശ്നം 'സ്കിൽ ഇന്ത്യ'യിലൂടെ പരിശീലനം ലഭിക്കുന്ന യുവാക്കൾക്ക് ഒരവസരം സൃഷ്ടിക്കപ്പെടുകയും അതുവഴി വിദൂരസ്ഥലങ്ങളിൽ വരെ ഉപകരണങ്ങൾ സ്ഥാപിക്കാനും അറ്റകുറ്റപ്പണി നടത്താനും സാധിക്കുകയും ചെയ്യുന്നു.

ഉപഭോക്താക്കൾക്ക് പെട്ടെന്ന് സൗരോർജ്ജ ഉപകരണങ്ങൾ സ്ഥാപിക്കാനും, സേവനത്തിനും, അറ്റകുറ്റപ്പണിക്കും പെട്ടെന്ന് പരിഹാരം കണ്ടെത്താൻ വേണ്ടിയുള്ള 'സൂര്യമിത്ര' ആപ്ലിക്കേഷന്റെ ഉചിതമായ നടപ്പിലാക്കലിലും കൂടുതൽ ശ്രദ്ധയുണ്ടെന്നായിരിക്കുന്നു.

തൊഴിലവസരം

ലഭിക്കേണ്ട അവസാന തീയതി 31.08.2016 വൈകുന്നേരം 5 മണിയാണ്. വിദ്യാഭ്യാസ യോഗ്യത അംഗീകൃത ജസർവകലാശാലയിൽ നിന്നുള്ള ബി.എൽ. ഐ.എസ്.സി./

ഗ്രാമപ്രദേശങ്ങളിൽ മൊബൈൽ സിഗ്നലുകൾ ലഭ്യമല്ലെന്നിരിക്കെ ഈ ആപ്ലിക്കേഷൻ മൊബൈൽ സൗകര്യങ്ങൾ ഏറ്റെടുക്കുന്ന നഗര, അർദ്ധനഗര പ്രദേശങ്ങളിൽ ഈ സൗകര്യം ഏറ്റെടുക്കുന്ന പ്രദേശമാണ്.

ഇത്തരം പ്രശ്നങ്ങൾ പരിഹരിക്കുകയാണെങ്കിൽ ഓഫ് ഗ്രിഡ് പ്രദേശങ്ങളിൽ അക്ഷരാർത്ഥത്തിലോ കണക്കിലെടുക്കുമ്പോൾ, സാമൂഹിക പരിവർത്തനത്തിനുള്ള ഒരു ഉപാധി എന്ന നിലയിൽ സൗരോർജ്ജത്തെ നമുക്ക് കാണാൻ കഴിയും.
